*“Increasing knowledge base for working with individuals living with  
IDD”*

**Wednesday, November 17, 2021**

**Via Microsoft Teams**

**10:00 AM - 3:15 PM**

## ***Trauma in Childhood***

*This training provides an overview of the effects of trauma during childhood, particularly as it relates to children with IDD, and the implications for diagnosis and treatment strategies. The potential outcomes of traumatic experiences and the importance of trauma-informed approaches will be discussed*

## ***Sexuality & IDD Training***

*This training will create a comfortable space to talk about sexuality for people with disabilities so we can support healthy relationships and sexuality, so they can have all the good parts of a relationship and experience a whole sense of self as we do. This training will offer you tips, tricks and information about responding to questions and behaviors about relationships for the people we support, and to create a positive culture within the agency to validate a person's sense of self as a whole person.*
